Dear Sir,

Mr Frey of Brooklyn has had the kindness to send me one of the medals you cut of him, in the style of a Bactrian coin, with an elephant on the Rx

I shall be very pleased to mention your name in my list of Medallists, Die-sinkers & (Dictionary of Medallists, 3 vols out, letters A–Y 1912) and shall thankfully & kindly send me some biographical note concerning your early artistic activity, with a list of your best productions & possibly a photo of one or two of the most characteristic.

Thanking you in advance

Howland Wood Esq,

dear Sir,

I have been away attending Sales on the continent almost without interruption from the beginning of November. Hence my delay in expressing to you my best thanks for so kindly sending me casts of the Eagle and 20 B pieces by St. Gaudens, which I shall reproduce in the N. C. and later in my dictionary, under the artist's name.

It is extremely kind of you to supply me with such interesting documents, and I shall duly acknowledge your courtesy.

Yours faithfully

L. Torres.
